EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christine E. M. Orich on May 16, 2005.

The application has been amended as follows:

On page 1, line 8: The phrase --now U.S. Patent No. 6,735,800,-- has been inserted after the phrase "filed on June 27, 2000,".

2. The following is an examiner's statement of reasons for allowance: The examiner respectfully asserts that Applicants have provided sufficient evidence of common ownership of the application and U.S. Pat. No. 6,269,504 to Romano et al. by Hill-Rom Services, Inc. at the time the invention was made (as explained in detail on page 7 of their amendment); consequently, the examiner respectfully agrees with Applicants' arguments on page 8 of their amendment stating that the Romano et al. '504 reference is disqualified as prior art under 35 U.S.C. 103(a), thereby obviating all prior art rejections contained in the previous Office action filed on October 25, 2004. Since an updated search of the prior art also did not yield any other
